

REPUBLIC OF KENYA

BARINGO COUNTY GOVERNMENT

1ST QUARTER 2016/17 BUDGET IMPLEMENTATION STATUS REPORT

AS AT 30TH SEPTEMBER, 2016

Foreword

It is with great pleasure that we present to you the first quarter budget implementation report for the financial year 2016/17. This report provides information and achievements of various departments and entities of the County Government for the first quarter of 2016/17 financial year. It highlights the performance of both recurrent and development expenditures by the county departments and other entities.

This report is prepared in accordance with the requirements of Section 166 Sub-Section 4(a, b) of the Public Finance Management Act, 2012 which states that: the county treasury shall consolidate all the quarterly reports from County Government entities and submit them to the County Assembly and deliver copies to office of the Controller of Budget, National Treasury and the Commission on Revenue Allocation (CRA).

The report appreciates both the financial and non-Financial performance of each department and sections as well as governance aspects of the county government. In order to have successful implementation of budget by the County Government, there is need to put in place strong social and accountability systems.

I have no doubt the report will be useful in gauging the budget implementation of the departments and improvement of efficiency and effectiveness in public financial management. Though this report is intended to create awareness in budget implementation among all the stakeholders, we urge you to give us feedback so that we can all contribute towards ensuring value for money to the tax payers.

I therefore present this report for your action/information as required by Law. This will go further towards efficient and effective service delivery towards attainment of the County Government's objectives.

The County Profile

1. Baringo County Government is one of the 47 counties in Kenya. It is situated in the former Rift Valley region. It borders Turkana and Samburu counties to the North, Laikipia to the East, Nakuru and Kericho to the South, Uasin Gishu to the Southwest, and Elgeyo-Marakwet and West Pokot to the West. It is located between longitudes 35 30' and 36 30' East and between latitudes 0 10' South and 1 40'. The Equator cuts across the county at the southern part. Baringo covers an area of 11,015.3 sq. km of which 165 sq km is covered by surface water- Lake Baringo, Lake Bogoria and Lake Kamnarok.
2. The population size of Baringo County in 2009, according to the Population and Housing Census, was 555,561, consisting of 279,081 males and 276,480 females. The population is expected to be approximately 678,639 in 2016 with a censual rate of 3.3 per cent. It is a County predominantly inhabited by the Tugen community in the five sub counties and the Pokot community in one Sub County among others. The Ilchamus, Turkana, Kikuyu, Nubians and Endorois communities are the minorities in the county among a few other sub-tribes.
3. The County has a total road network of 2887.80 Km, with Class D, E, G, R and U having 339.22km, 1810km, 20.85km, 185.11km, and 557.37km respectively. New ongoing tarmac road has been constructed between Loruk and Barpello. The roads are mainly earth and mixed type which usually makes them impassable during the rainy season. This impedes livestock marketing and other farm produce which is the main source of livelihood for majority of people in the County.
4. As at 2012 Baringo County had a total of 656 primary schools with total enrollment of 143,017 pupils, 125 Secondary schools with a total enrolment of 27,374 students, 12 youth polytechnics, one public teacher training college, one technical training institute, six commercial colleges and three university campuses.
5. In tourism sector, the main tourists' attraction sites include national parks and reserves, which include bubbling waters, hot springs, gushing geysers, flamingos and ostriches are among the major attractions in Lake Bogoria and Kapedo hot springs. Other wildlife includes tortoises, large aquatic and terrestrial game. There is also huge potential for private/community conservancies as well as cultural and agro-eco-tourism. Baringo County boasts of high class tourist resort centres, among them Lake Bogoria Spa Resort and Papyrus Inn hotels. Endorois cultural dancers entertain tourists visiting the lake.
6. At the year 2012 the County had 234 health facilities: County Referral hospital (1), sub-county hospitals (5), dispensaries (156), health centres (19), medical clinics (2) and others (2). The infant mortality rate is 63 per 1000.

Administrative Units (Sub-Counties, Wards, Locations)

7. The county is made up of six sub-counties namely: Mogotio, Eldama Ravine, Baringo South, Baringo Central, Baringo North and Tiaty (East Pokot). The sub-counties are further divided into 30 wards (divisions) and 116 locations. Table 1 shows the administrative units in Baringo County.

Introduction

8. The first quarter report provides elaborate information on financial and non-financial. It further analyses the key issues in the respective departments, challenges and probable solutions.
9. This report forms part of the County Budget Implementation Review Reports. The report is prepared in accordance with Section 166 Sub-Section 4(a, b) of the Public Finance Management Act, 2012.

10. The report presents the status of budget execution beginning 1st July to 30th September 2016 for internal consumption and performance appraisal. It also offers valuable information to members of the public on budget implementation and the County Assembly which is bestowed with the oversight mandate on utilization of public funds.
11. It highlights budget implementation for each department and revenue performance with key challenges encountered being discussed and appropriate recommendations made. In this financial year 2016/17, the county's approved budget amounted to Kshs.6, 521,344,577 which comprised of Kshs 3, 921,226,172 allocations for recurrent and Kshs 2,600,118,405 for development expenditure.

Overall Budget Outlook and Implementation Report

12. This first quarter report for the 2016/17 financial year provides the status on budget implementation for the Baringo County Government amounting to Kshs 6,521,344,577 which includes a roll-over of 2015/16 development budget of Kshs 892,709,408.
13. During the quarter, the county received a total of Kshs 1,841,922,576 to finance both recurrent and development expenditure. This comprised equitable share of Kshs.814,544,500, free maternity grants of Kshs. 11,852,500, DANIDA of Kshs 12,985,000 local revenue of Kshs.91,426,072, Road Maintenance Fuel Levy of Ksh.18,405,104 and roll over of Kshs.892,709,408.
14. Total requisition for the quarter Kshs 973,530,565 comprising of development Kshs. 191,217,295 and recurrent was 782, 313,270. Out of the total recurrent requisition Kshs 534,134,010 went to pay recurrent expenditure, eighty percent (432,201,276) went to personel emoluments, while Kshs, 101,907,159 (20%) went to finance operations and maintainance and Kshs.16, 137,711 went for development.
15. One of the challenges of low absorbtion was because of challenges in developing procurement plans through e-procurement systems that resulted to the departments paying at the end of the quarter.
16. The target annual local revenue as per the budget is Kshs.472 million. The revenue target for the quarter was Kshs. 127,968,756 and the government

managed to collect Kshs 91,426,072 compared to Kshs. 72,859,999 for the same period in 2015/16 financial year.

17. The receipts of equitable share increased during the first quarter of 2015/16 financial year from Kshs 355,246,082 to Kshs. 814,544,492 in 2016/17 financial year. This presented a great opportunity to increase service delivery in the county.

Quarter Local income per Revenue source

18. Bank balances as at the end of the review period was Kshs 1,279,463,173.80 comprising of Baringo County Revenue Fund Account Kshs.870, 748,975, Baringo County Development Fund Account Kshs. 175,079,584.95 and Baringo County Recurrent Fund Account was Kshs 233,634,613.85.
19. During the quarter the total expenditure for both recurrent and development was Kshs 550,271,721 Out of the total recurrent requisition Kshs 534,134,010 went to pay recurrent expenditure, eighty percent (432,201,276) went to personel emoluments, while Kshs, 101,907,159 (20%) went to finance operations and maintainance and Kshs.16, 137,711 went for development.
20. During the period under review the total expenditure reduced from Kshs 863,041,639 in year 2015/16 to Kshs. 550,271,721 in 2016/17 financial year due to slow pace of development budget implementation. The slow budget implementation was attributed by county budget which was assented by the executive at the mid of the quarter. The passage of a bill by national assembly and the senate increased the recurrent allocation to the county assembly which was done after the county had prepared its budget. The passing of the County Allocation of Revenue bill interfere the budget estimates that had earlier been determined through National Budget Policy Statement by Commission of Revenue Allocation. However the situation was remedied after County Assembly approved the revised budget.
21. During the quarter, the county actual expenditure was Kshs 550,271,721.80 for both development and recurrent, equivalent to 8% absorption rate of the total budget. The actual recurrent expenditure for the period was Kshs.534, 134,010 while development expenditure was Kshs 16,137,721. The first quarter

absorption rate was 14 % and 1% on recurrent and development of approved budget respectively.

22. During the period under review development expenditure reduced from Kshs 185,538,411 in FY 2015/16 to Kshs 16,137,711 and recurrent expenditure reduced from Kshs 677,503,228 to Kshs 534,134,010.

23. County highest expenditure in the quarter was on personnel emolument, Kshs 432,201,276 and Kshs 101,907,159 for operation and maintenance.

Challenges

39. The County Public Service Board encountered several challenges in the course of its operations. The following is a summarized list of challenges faced by the Board.

	Challenge	Description of the Challenge	Mitigation of the Challenge
1	Budget Constraints	The County departments lack the capacity to train the employees. This has been occasioned by lack of budgetary provisions in regard to development of staff. This situation has inhibited the capacity building aimed at improving performance of employees and hence the general achievements as the entire county	We are of the opine that the departments provide a budgetary allocation in the next planning period so that this anomaly is reversed for the betterment of achievement of objectives set in the county's sector plans
2	Promotions	Promotions of staff had not been done for a long time and some staff had stagnated in one job group for long without progression hence it was becoming a grievance issue for employees. The Board after vetting employees so far has approved promotions of 1021 staff from various departments. It is evident that this will have a huge impact on the wage bill.	There will be a continuous review of staff promotions so that employees who are rightfully due can be awarded their promotions accordingly. Departments have been tasked to budget for staff emoluments accordingly in order to address emerging issues like the promotions.
3	Confirmation of staff	The Board had the intention of confirming various employees who have served on contracts for long. The Budget constrains has derailed this process and the Board is yet to	The Board in consultation with the affected departments affected is in the process of factoring all the staff emoluments anticipated to be incurred in the financial year 2016/2017. We

	Challenge	Description of the Challenge	Mitigation of the Challenge
		actualize their confirmations. The delay of this may pose a challenge to the County in terms of staff performance and also legal labor issues which may arise out of this	believe that this will address the issue at hand adequately
4	Training	The Board was unable to undertake much in training as there was no budget provision for training	The Board intends to have an inclusive budget that will address training for staff and the Board members
5	Office partitioning	The Board was unable to partition the offices to create a good environment for the Board members. This was occasioned by budget constraints	The Board shall budget adequately for this item for its realization
6	Salary harmonization	The Board is faced with a challenge of alignment of salaries amongst all officers in the County Government. There are three (3) categories of staff namely; Nationally devolved staff, those from Local Authorities and the ones employed by the New County Government. The salaries for these three groups vary and this poses a challenge in terms of equity.	The Board is in the process of devising a mechanism that will create frameworks to align and harmonize the compensation for all staff.

Way Forward

40. It is evident that much has been done by the County Public Service Board to deliver on its constitutional mandate through recruitment, training and performance management among others. A lot more still need to be done in the coming months especially in creating the ONE team culture in the county, a team that is constantly focused and energized and doing one thing i.e. creating more and high performance in the county, holding themselves and others accountable for their performance, we will be delivering more on training and more awareness on National Values and Principles as well as on Leadership and Integrity training and audit. It is the expectation of the Board however, to see that Public Service operationalize fully performance management so that there is a clear measure seen across all the departments and that the resource utilization in the County is well accounted through performance progress.

D. County Treasury and Economic Planning

41. The county treasury department has five divisions, that is: Administration and Revenue, Accounting, Audit, Supply Chain and Budget and Planning. The main function of the department is to manage county funds as stipulated in the public finance management Act, 2012 as well as to manage revenue from local and National Governments' sources including grants and loans.

Vision: To be excellent in County Economic Planning and Public Finance management.

Mission

To contribute towards accelerated socio economic development through effective economic planning, resource mobilization and allocation and efficient management of public resources.

Objectives

- i. Effective Economic Planning, Budgeting, Policy formulation and Socio-economic management and tracking of results
- ii. Effective finance Management and Making Treasury work.
- iii. Institutional strengthening and good governance.
- iv. Mobilization, Public Private Partnership and allocation of financial resources
- v. Create excellence in delivery of service in the department

Expenditure trends

42. During the current financial year 2016/17 the department was allocated Kshs. 284,542,349 to fund its recurrent and development expenditures. Of this allocation Kshs. 258,060,903 was for recurrent and Kshs 26,481,446 for development.

43. The recurrent allocation reduced from Ksh 361,906,060 in 2015/16 financial year to Kshs 258,060,903 in 2016/17 financial year. The recurrent expenditure in the period under review decreased from Ksh 48,249,778 in 2015/16 financial year to Kshs 30,806,162.

50. Table 10 shows the Comparisons of 2015/2016 and 2016/2017 first quarter per Revenue source. From the comparisons there is a high rise of 61% in the game park revenues which was attributed to improved security in the county and burn of travel advisories from USA and United Kingdom,. In general there is an overall increment of 18% from the previous financial year.

51. There was an overall improvement in all the revenue sources except revenue from produce cess, Single Business Permit, Plot Rent/Rates. The hospital revenue as at the end of first quarter of the financial year 2016/2017 had a total collection of Ksh. 22,438,460.00. This revenue source covers Kabarnet Hospital, Eldama Ravine Hospital, Marigat Hospital, Kabartonjo Hospital and Chemolingot Hospital

Challenges

52. In the first quarter, there were some challenges which affected revenue collection;

- i. Community demonstration at Lake Bogoria which paralyzed revenue.
- ii. Break out of livestock disease leading to closure of markets and slaughter slab.
- iii. Lack of revenue supervisors for manning all revenue points within the County.
- iv. Transportation issues in sub-counties. The issue of sharing of revenue vehicle with administration has lead to some revenue points not attended to especially in Tiaty.
- v. Low staff motivation because of uncertainty in confirmation and continuous lack of lunches.
- vi. Introducing of mobile weight bridges within the county has affected the transportation of building stones outside County thus affected revenue because of reduction of lorries transporting building bush stones or revenue evasion as they travel during the night through roads not manned.

To provide efficient, affordable and reliable infrastructure for sustainable economic growth and development

Strategic Objectives

- i. To develop rural and urban roads infrastructure for improved social and economic integration
- ii. To develop ICT infrastructure, capacity and software application systems for sustainable development;
- iii. To promote effective public transport and traffic management;
- iv. To ensure compliance to standards in public works;
- v. To develop and improve access to stable, reliable and affordable energy;
- vi. To promote excellence in management and service delivery.
- vii. To develop sound policy, legal and institutional framework for the sector.

Expenditure trends

75. During the current financial year 2016/17 the department was allocated Kshs 589,227,355 to fund its expenditure out of which Kshs 56,155,117 and Kshs 533,072,238 for recurrent and development expenditures respectively.

76. The recurrent allocation increased from Ksh 50,437,567 in 2015/16 financial year to Kshs 56,155,117 in 2016/17 financial year. The development budget reduced from Kshs 542,883,617 in 2015/16 financial year to Kshs. 533,072,238 in FY 2016/17 under review

77. The recurrent expenditure in the period under review reduced from Ksh 16,563,390 in 2015/16 financial year to Ksh 8,589,752 in the review period and there was no development expenditure for the quarter as compared with an expenditure of Kshs 49,774,037 in 2015/16 financial year. The absorption rate for the quarter was 15% on recurrent expenditure.

Total	593,321,184	589,227,355	66,337,426	8,589,752	1%

Milestones

78. Several projects in different wards are on tender document preparation and several Project implementations which include: Dozer works, Grading, Concrete Slab, Gravelling, Gabion Installation, Steel Fabrication, Excavation, Bush Clearing, Culvert Installation, Blasting, Excavation, Drift Construction, Road expansion and excavation, Earthworks and Culvert Installation are at various stages of completion as attached in the annex.

Roads Done by County Machines

79. By the end of the first quarter the following roads had been opened up and rehabilitated using county machines.

S/No	Road Name	Ward	Scope Of Work
1.	Sugunwe – Chebiwan Road	Emining	Dozer work
2.	Majimoto – Sugutek Road	Emining	Dozer work
3.	Kimose Road	Emining	Dozer work
4.	Kabarbesi Road	Emining	Dozer work
5.	Kipgogom Road	Barwessa	Dozer work
6.	Ngetmoi Road	Marigat	Dozer work
7.	Endao River	Ilchamus	River Training

80. Challenges

- i. Budgetary allocations for road maintenance are inadequate.
Some of the projects had to be reviewed because the budgetary allocations were not sufficient for the scope of works required. This has caused a significant delay in the implementation of these projects.
- ii. Lack of capacity of our contractors in terms of skills and resources.
A significant number of contractors lack the machinery to implement projects and thus end up relying on hiring the same machines which slows down the pace of projects.
- iii. Lack of supervision vehicles for frequent supervision.

This makes it difficult to supervise projects effectively throughout the project implementation.

- iv. Lack of adequate number of personnel to carry out supervision.

G. Department Of Agriculture, Livestock Development and Fisheries

81. The Agricultural Department comprises of the following four sections:

Agriculture; Livestock Development; Fisheries Development; and Veterinary.

Vision.

A food secure, competitive and productive County.

Mission.

To improve livelihoods through promotion of competitive agriculture, innovative research, growth of a viable cooperatives sub sector.

Strategic Goal

The Strategic goal for the Department is to attain food security.

82. The strategic objectives of the Department are to:-

- i. Increase productivity through facilitating access to affordable and quality inputs and Services;
- ii. Increase market access through promotion of value addition and development of standards along the value chain;
- iii. Reform institutions in the Department into high performing and sustainable entities that facilitate economic growth;
- iv. Promote adoption of appropriate technologies for crops, livestock and fisheries.
- v. To promote excellence in service delivery.
- vi. To develop institutional and legal framework for the sector.
- vii. To Increase crop production and productivity for food security
- viii. To Increase production and productivity in livestock for food security
- ix. To prevent and control livestock diseases
- x. To promote fish production for food security

Major Projects

Livestock Sale Yards (Chepngeret and Block 4)

Challenges

Site identification, development of drawings/plans and Bill of quantities consumed time.

Solutions

- Liasing with public works to expedite the process of generating drawings and bill of quantities.
- Decentralizing supervision of the sale yards from the county livestock office to the sub county livestock offices.

Modernization of the Kimalel Goat Auction Yard

Challenges

- Design and bill of quantities required for auxiliary facilities at the new site was time eating.
- Delay in release of support by development partners has delayed completion of perimeter fence

Solutions

- Liasing with the public works to have the designs done and Bill of quantities generated on time.
- Deep engagement with development partners.

Milk Cooler Houses

Challenges

Development of design and bill of quantities required was time consuming.

Solutions

Liasing with the public works department to have the designs done and Bill of quantities generated on time.

Milk Processing Plant

Challenges

Due to the complexity of the project, implementation takes time

Solutions

Liasing with all the relevant departments and stakeholders to exploit synergy during project implementation

Poultry Upgrading Program

Challenges

- Inadequate supply of high quality chicks from within the county.
- High demand for the high quality cockerels/day old chicks at KARI Naivasha.

Solutions

- Procurement from other reputable farms.

Apiculture Development

Solution

- Supporting county trained artisans to transform into beekeeping equipment suppliers.

Capacity Building/Extension

Challenges

- Untimely release of financial resources by the national government to the county government affects the livestock seasonal calendar and extension activities.
- Inadequate allocation of funds for livestock initiatives such as capacity building (extension).

Solutions

- Proposal development to development partners to fund livestock projects and activities.
- Collaboration between the four sections within the department of Agriculture, Livestock and Fisheries for joint activities which save costs and working with other stakeholders.

KCB Foundation/Baringo County Government Livestock Project

Challenges

- The inadequate capacity of the beneficiaries to immediately meet the requirements for the interest free loans.

Solutions

- Capacity building of the beneficiaries by the department of livestock production on the requirements to enable them access the support such as preparation of business plans and cash flow statements..

H. Education and ICT Department

88. The department consists of three (3) sections, namely Vocational Education & training (VET), Information Communication Technology (ICT) and Early Childhood Development Education (ECDE).

Vision

A globally competitive education training, research and innovation for sustainable development

ICT Section

95. ICT plays a significant role in the development of the county. Baringo already boasts of a number of globally-competitive ICT firms and an even larger number of local startups. The county government will take steps to become paperless. It should also be possible for any public officer to conduct their work from any county premise within the county.

96. The County Government of Baringo will leverage ICT to increase public sector productivity by enabling the delivery of county government services for the people, communities and businesses while supporting open engagement to better informed decisions and improving the operations of government. The county government will use ICT to deliver better services and improve operations and processes aligned with the national government policy.

Bursary

Total Kshs 19,191,201.00 was distributed as bursary during the quarter to to the six sub counties which benefited several students in secondary and middle colleges.

Challenges

- ❖ Inadequate staff in the Department i.e. ICT Technicians, Instructors in our Youth Polytechnics Increase in NITA exam registration fee hence disadvantaged most candidates considering the background of most of them who are struggling to pay fees.
- ❖ Inadequate infrastructure
- ❖ Lack of Land title deeds. None of our institutions has a land title deed yet this is a pre-requisite for registration with TVETA. This has to be fast tracked before we are got up with time
- ❖ Delayed procurement process leading to delayed implementation of projects.
- ❖ Understaffing of the Department staff at the County Headquarters.
- ❖ Insufficient funds to implement projects
- ❖ Lack of vehicle for monitoring and evaluation of projects and supervision
- ❖ Managing of parallel Management Information systems.
- ❖ Lack of teaching aids in ECDE centers.
- ❖ Obsolete tools and Equipment in some VTCs
- ❖ Dilapidated buildings in VTCs
- ❖ Low monitory and evaluation of curriculum /projects due to facilitation of mobility.
- ❖ Reduction of enrollment of ECDE children in ECDE centers due to lack of school meals in centers
- ❖ Low intrinsic motivation among ECDE teachers
- ❖ Political interference in learning institution
- ❖ Increase ECDE centers without teacher due process of replacement
- ❖ Low parents support to ECDE programmes which is attributed to low value attached to them.
- ❖ Poor teaching and learning approaches in learning centers due to outdate teaching pedagogies and lack of suitable teaching resources.

Recommendations and way forward

- ✓ Increase funding for smooth running of operations and successful implementation of projects
- ✓ Competency Development/Capacity building for staff to increase efficiency in offering services
- ✓ Need to have an integrated system for managing County operations
- ✓ There is need to purchase an extra vehicle to enhance monitoring and evaluation
- ✓ Repairs of Dilapidated buildings needs to be done
- ✓ Planning for rapid assessment to find out underlying baseline information.
- ✓ Develop data base for the county through new technology by sensitization of teachers to use mobile.
- ✓ Source for means of transport to improve mobility of officers in the field.
- ✓ Replace teachers who have excited the field.
- ✓ Have teacher's refresher course.

Conclusion

97. Despite the many challenges experienced in the department it is worth to say that the department achieved most of its objectives during the quarter. There is also need to strengthen partnerships and collaborations for a more effective and efficient service delivery.
